

The Dynamic Team Creed

Statement of Beliefs and Commitments

I believe in the work of the team . . . whose sponsor has identified the team's key stakeholders, defined the team's purpose, prepared the team's charter and engaged the team's leader . . . whose members have been selected for their demonstrated personal integrity, compatible behavioral styles, and commitment to work as a team . . . whose leader is committed to maintaining a platform of mutual trust, keeping team members focused on results, and engaging team members in the timely completion of needed team actions defined by collaborative debate . . . and where collective and individual performance is measured by the sustainable results delivered to the team's stakeholders.

I therefore believe it is my duty as a member of the team . . . to fully embrace its purpose and goals . . . to follow its rules and procedures . . . to respect and help my fellow team members . . . to engage in collaborative debate . . . to personally commit to needed team actions . . . to fulfill my team commitments on time . . . to keep my team informed of my progress . . . and to request assistance from the team to resolve barriers I encounter.
